TITLE INDEX

- A comparative analysis of the propagation of stock market fluctuations in alternative models of dynamic causal linkages, 59
- A further examination of the effect of diversification on the stability of portfolio betas, 9
- A multivariate cointegration approach to the determination of reserves and money balances in India, 213
- A note on the stability of relationships between returns from emerging stock markets, 273
- A re-examination of the fragility of evidence from cointegration-based tests of foreign exchange market efficiency, 635
- A switching regression approach to the stationarity and non-systematic risks: the Hong Kong experience, 45
- A test of relative efficiency between two sets of securities, 193
- A time-varying analysis of abnormal performance of UK property companies, 367
- Aggregate consumption behaviour with time-nonseparable preferences and liquidity constraints, 107
- An empirical investigation of asset-liability management of small US commercial banks, 525
- An empirical test of the risk-return relationship on the Taiwan Stock Exchange, 229
- An exploratory empirical analysis of the impact of the Federal Deposit Insurance Corporation Improvement Act of 1991 on bank failures in the United States, 695
- ARCH modelling of Australian bilateral exchange rate data, 147
- Asymmetries and non-linearities in economic activity, 203
- Augmented ARCH models for financial time series: stability conditions and empirical evidence, 575
- Black and official exchange rate volatility and foreign exchange controls, 15
- Calling for the true margin, 207
- Capital structure choice and financial market liberalization: evidence from New Zealand, 427
- Common stochastic trends in international stock prices and dividends: an example of testing overidentifying restrictions on multiple cointegration vectors, 659
- Cross-border mergers and acquisitions: maximizing the value of the firm, 295
- Currency substitution and exchange rate determination, 327
- Deterministic versus stochastic volatility: implications for option pricing models, 499
- Does futures speculation stabilize spot prices? Evidence from metals markets, 115
- Does speculation play any role in determining the forward exchange rate?, 611
- Domestic and external factors in interest rate determination, 465
- Dynamics of inflation in Sub-Saharan Africa: the role of foreign inflation, official and parallel market exchange rates, and monetary growth, 395
- Equity retention and initial public offerings: the influence of signalling and entrenchment effects, 75
- Estimating skewness persistence in market returns, 549
- Estimation of the bid/ask spread on Danish stocks, and evaluation of Roll's estimator, 605
- Ex-dividend day stock price falls on the Spanish stock market, 481
- Exchange rate and interest rate volatility in the European Monetary System: some further results, 255
- Exchange rate and stock price interactions in emerging financial markets: evidence on India, Korea, Pakistan and the Philippines, 25
- Financial constraints on the growth of high technology small firms in the United Kingdom, 197
- Further analysis of official and black market exchange rates in Brazil: data transformations and structural changes, 317
- Inflation and real stock prices, 265
- International linkages in bank lending and borrowing markets: evidence from six industrialized countries, 403
- Listing and the liquidity of bank stocks: revisited, 165
- Long memory in the Canadian stock market, 667
- Long-term overreaction in the UK stock market and size adjustments, 537
- Long-term valuation effects of shareholder activism, 567
- Macroeconomic volatility and stock market volatility: empirical evidence on Finnish data, 419
- Measuring cost inefficiency in the UK life insurance industry, 37
- Multivariate testing of the capital asset pricing model in the Hong Kong stock market, 311
- Nonlinear dynamics and daily stock returns on the Taiwan Stock Exchange, 619
- On stocks, bonds and business conditions, 137
- On the unbiasedness of the forward rate in the Singapore foreign exchange market, 413
- On the validity of the weak-form efficient markets hypothesis applied to the London Stock Exchange, 173
- Option pricing under stochastic volatility and stochastic interest rate in the Spanish case, 379
- Price variability, trading volume and market depth: evidence from the Australian futures market, 447
- Productivity growth in the Hellenic banking industry: state versus private banks, 223
- Reaction of bank stock prices to the multiple events of the Brazilian debt, 703
- Regime switching in stock market returns, 177
- Risk components and the market model: a pedagogical note, 307
- Security price anomalies in the London International Stock Exchange: a 60 year perspective, 455
- Share market efficiency: tests using data from Australia and New Zealand, 645
- Spreads, information flows and transparency across trading systems, 281

- Stock market returns in thin markets – evidence from the Vienna Stock Exchange, 493
- Stock prices, inflation and output: evidence from India, 439
- Stock return predictability or mismeasured risk?, 679
- Stock return volatility and information: an empirical analysis of Pacific Rim, UK and US equity markets, 241
- Stock returns and inflation: a macro analysis, 127
- Stylized facts on the temporal and distributional properties of daily FT-SE returns, 599

- Technical analysis, trading volume and market efficiency: evidence from an emerging market, 361
- Testing for foreign exchange market efficiency – a trivariate vector autoregressive approach, 711
- Testing for seasonal patterns in conditional return volatility: evidence from Asia-Pacific markets, 517
- The demand for international liquidity: a cointegration approach, 673
- The determinants of actuarial costs in the New Zealand life insurance industry, 1
- The dividend reinvestment plan puzzle, 267

- The effect of volatility estimates in the valuation of underwritten rights issues, 473
- The Fisher effect and Australian interest rates, 337
- The impact of inflation rate announcements on interest rate volatility: Australian evidence, 559
- The impact of settlement time on the volatility of stock markets, 689
- The information on inflation in the Australian term structure, 721
- The monetary exchange rate model within the ERM: cointegration tests and implications concerning the German dominance hypothesis, 587
- The monetary model of the exchange rate and the Greek Drachma in the 1920s, 507
- The stability of ARCH models across Australian financial futures markets, 347
- The valuation effects of the Mexican debt crisis: a re-examination, 97

- Using a VECM to test exogeneity and forecastability in the PPP condition, 87
